2019 Table Shoots

Check Newsletter / Facebook for Shoot Dates and Times!

Be at the range & setup before Noon!

What is a table shoot? A table shoot is much like a chunk gun shoot except the matches are fired seated from a club supplied stool, table and a pyramid of stacked 2" x 4" blocks to support the muzzle. The rest may be covered with no more than 2 layers of cloth or leather to protect finish of rifle. No double rest will be allowed. The rear portion of the rifle must be supported by the shooter.

The ten individual match X-targets are shot at 30 yards. Shooter may supply their 14" x 14" or smaller spotter or aiming point to cover each X target. One shot per target and each target is scored by measured distance from the center of the X to center of their shot. The smallest measurement wins the match. Before the matches each shooter may have (3) three sighting shots. Ten targets will be shot and scored individually with a cash payback for each target and for the tightest total measurement. For more information: targetx.boardhost.com -

Open Class – Traditional hunting or target percussion or flintlock rifles. 13 pounds or less. NMLRA Rule 5010 front site. AMS Rear – No adjustments after start of the match. Traditional patched round ball. 10 matches @ 30 yards - \$5

Hunter Class – Traditional hunting side-lock percussion or flintlock rifles. 10 pounds or less. Any caliber, "provisions" for a ramrod, Open sights & patched round ball. 10 matches @ 30 yards - \$5
Awards for both classes are Quarters - Quarter Pot for each Match – Bring lots of Quarters

Side Turkey Head Re-entry matches at 50 yards any position and 25 yards Offhand Only. Hunter Class Rifle Rules: \$2.00 to get in and \$1.00 per re-entry. 60% Payback to the Shooters.
